

ESUSA 2024 NATIONAL SYMPOSIUM

INSPIRE • CONNECT • TRANSFORM

June 13-15, 2024

Butler University • Indianapolis, IN

The National Symposium, hosted by El Sistema USA® in collaboration with the Indianapolis Center for Arts Education and Innovation, is scheduled to take place on the campus of Butler University.

The overarching theme, “Inspire, Connect, Transform,” underscores the symposium’s aim to gather inspiration, foster national connections, and catalyze positive transformation in equity-based music education. The symposium will feature sessions on youth leadership (led by the ESUSA High School Youth Ambassador Cohort), best practices in equitable and high-quality music training, and organizational capacity building. There will be sessions curated for administrators and teachers. The String Queens will also join us for a musical performance and teacher training session!

The weekend is designed to provide actionable insights and solutions, equipping attendees to advance our collective and individual work as a field. Join us in fostering a community of change-makers, where inspiration meets impact.

The event will be made possible in part by a \$20,000 grant from the National Endowment for the Arts. [\\$20,000 grant from the National Endowment for the Arts.](#)
